

Coffee San Vito

beans that give back to human beings

ASRAB

Alberta Sports and Recreation Association for the Blind

A Coffee Fundraising Campaign for ASRAB in support of our Jr. Goalball Men's and Women's Teams as they head to Kelowna this April for Nationals.

the beans

Arabica coffee **hand-harvested** from the San Vito Valley. Costa Rica coffee is the strongest in flavor of all the Central American varieties. San Vito beans are grown using sustainable environmental practices, and the coffee is **Fair Trade Certified**.

San Vito Arabica coffee, derived from a flavorful hard bean, is noted for its **attractive aroma, delicate body and smooth taste**.

The gourmet **Medium and Dark Roasts** (ground or whole bean) are available well below market price at \$12.50/lb bag. The premium **Volcano and Espresso Roasts** (whole bean) are only available for sale online at \$13.50/lb bag.

the human beings

The Jr. Men's and Women's Goalball Nationals is fast approaching, and our goal at ASRAB is to raise funds for the entry fees and travel expenses for our 2 teams. **Each pound of coffee we sell provides ASRAB a benefit of over \$4 per bag (online sales provide a \$2/bag benefit)!** If coffee is already on your grocery list, it's time to try the premium taste of San Vito coffee and feel good about the beans giving back to the human beings.

In addition to funding for ASRAB, the sale of San Vito coffee **also helps sustain and rebuild the small community in Costa Rica where the beans are grown and harvested from.**
